

# Finding the Right Employees Just Got A Whole Lot Easier

**Federated Services**

NOTHING BUILDS TRUST LIKE RESULTS™

## A Whole New Approach

Federated Services specializes in providing highly-qualified workers who have been prepared to “hit the road running”. To accomplish this, we expertly find, prepare, and orient high-quality employees on a very unique basis. We call it our “**Power Match.**” It’s a remarkable new way to hire needed employees. For a minimal placement fee, we find and guarantee superior employees for all of your volume level needs. Federated Services places the employee, supports and services them for the first 30 days with our guarantee that all new employees will perform exactly to your expectations. You save salary expense, improve productivity, enhance training, and simplify Human Resource activities.

## Simply Put...We Are Better

### The Real Difference

Federated Services does what others promise -- we provide a very unique collection of services that are simply more complete! No other staffing company offers the same quality line-up that we do -- reference checks, skill testing, personality screening, job orientation, and performance monitoring. By utilizing our state-of-the-art Internet qualification program “**Quality Plus**”, we pre-qualify and prepare every one of our candidates before they walk through your door.

### We will only present candidates after full pre-qualification:

- Advanced Reference Checks
- Skill Testing
- Personality Screening
- Job Training
- Orientation
- Performance Monitoring

# Specialty Staffing Services

## Call Centers

We like and specialize in this business. Our advanced training insures that your employees are sensitive to all customer service objectives and are trained to be fully-proficient in all calling procedures.

## Educational

We are experts at finding substitute teachers for both public and private schools. These teachers meet local certification requirements for any class from grades K-12. No one does it better!

## Light Industrial

Count on People Plan to keep your industries, factories and warehouses operating at absolute peak capacity. We are experts in facility maintenance, item assembly, and material handling.

## Financial

We are in constant contact with accountants, clerical assistants, finance professionals, or full-time senior-level managers to ensure that you have the finest for your critical requirements.

## Sales/Marketing

We support our client's projects. We support trade shows, sales promotions, seminars, telemarketing, set-ups, registration, distribution and whatever else is required to support your company.

## Scientific

Because of our close relationships already existent, we are able to provide you with scientific, research specialists from PhD to entry-level. Our database contains several highly skilled and gifted technical choices.

## IT and eSolutions

We can find you database administrators, engineers, technicians, network designers, systems analysts, or any other full-time, part-time experts for immediate or future IT and eSolution requirements.

## Health Care

We are able to provide medical and healthcare specialists for all of your current and future requirements. We are sensitive to the acute need for medical specialists to be the best at their position.

## Executive Recruiting

Federated Services utilizes cutting edge methods and procedures. Dynamic financial incentives provide motivation for our Affiliates, resulting in extraordinary and professional placements for our valued employer clients. We have now implemented an effective Twelve Step process to guarantee results for all parties involved. All Affiliates have the strategic influence and national reach of Affiliate networks all over the country. This extraordinary national networking enables your company to benefit strategically and financially. Federated Services provides our clients with an unsurpassed level of quality and service. It's a mission we'd like to fulfill for you. See contact information below to obtain information about the many advantages available to you by utilizing our executive recruiting services.

## Seasoned Candidates

Recent statistics indicate that senior adults are the fastest growing demographic segment of the population. Older workers shoved aside during the dotcom boom are now finding jobs because of their vast experience and short learning curve. We listen to their ideas and work hard to match them to help our company clients accomplish their employment goals. Our commitment is clear - we have a passion to assist you with our outstanding combination of expert candidates and services. To accomplish this, our team of professionals with years of recruiting industry experience, and our entire network of professionals, can be unleashed to meet your current employment objectives. We are able to provide thousands of high quality, seasoned candidates for your job requirements!
